

Rainer Pumpe

Master of Engineering, Diplom-Ingenieur (55)

Management Board of Dr. Hönle AG
Responsible for technology and production

After completing a degree in mechanical engineering [Dipl.-Ingenieur] at the Ruhr University in Bochum, Rainer Pumpe started his career in 1995 at Voith Paper GmbH in Krefeld, initially as a design / development engineer. After several functions at Voith Paper, he was appointed Managing Director of Voith Paper Finishing Inc. in Springfield (USA) in 2004. In 2007 he assumed the management of Voith Paper Air Systems GmbH with responsibility for the Mönchengladbach, Bayreuth and Montreal (Canada) locations. In 2016, Mr. Pumpe moved to the medium-sized family company IDEAL - Werk C. + E. Jungeblodt GmbH + Co. KG in Lippstadt as managing director. Since 2021 he has been a board member of Dr. Hönle AG, Gräfelfing, where he is responsible for technology and production.
